PROFESSIONAL SUMMARY

Aspiring Software Developer with hands-on experience in building scalable full-stack applications using Python, Django, and modern web technologies. Strong foundation in REST API development, database management, and responsive UI design. Skilled in problem-solving, data-driven applications, and delivering efficient user-focused solutions.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Python, Django, Java
- **Database:** MySQL, SQLite, SQL
- **Tools & Platforms:** Git, GitHub, VS Code, Vite
- **Concepts:** REST API, JWT Authentication, CRUD Operations, Responsive Design

PROJECTS

Smart Habit Tracker

GitHub: <https://github.com/Smile-code25/Smart-Habit-Tracker>

React.js | Vite | JavaScript | CSS3 | localStorage

- Built a React-based habit tracking app with daily check-ins, automatic streak tracking, and 7-day progress visualization using component-based architecture.
- Designed an analytics dashboard showing completion rates, best streaks, and consistency metrics alongside a GitHub-style 30-day activity heatmap with tooltips.
- Integrated dark/light mode toggle with localStorage persistence for a seamless, responsive, cross-device user experience.

Contact Management System

GitHub: <https://github.com/Smile-code25/contact-manager-System>

Django | REST API | JavaScript | SQLite | CSV/JSONExport

- Developed a full-stack contact manager using Django REST API backend and vanilla JavaScript frontend with secure JWT-based user authentication.
- Implemented real-time search, CSV/JSON export functionality, and account lockout protection to enhance security and usability.
- Ensured a responsive, efficient UI with clean data management flows for seamless CRUD operations on contact records.

EDUCATION

B.Sc. (Computer Science - ECS)

Sangola College Sangola, Solapur University (2023 - 2026)

- **FY CGPA: 9.54**
- **SY CGPA: 9.21**

• HSC (Science) - N.E.S. & Jr. College

- **Percentage: 69.67%**
- **SSC - Hanuman High School**
- **Percentage: 83.60%**

CERTIFICATIONS

- Python Foundation Certificate — demonstrating proficiency in core Python programming concepts and problem-solving fundamentals.
- TCS iON Career Edge - Young Professional — Professional soft skills and workplace readiness.
- Data Analytics Job Simulation by Deloitte -gaining hands-on experience in Cleaning and analyzing datasets to extract meaningful insights.

INTERESTS

- Languages: English (Professional), Hindi & Marathi (Native)
- Interests: Cloud platforms, full-stack development, data-driven applications, continuous learning
